HACKATHON X: FINTECH FORWARD 2026

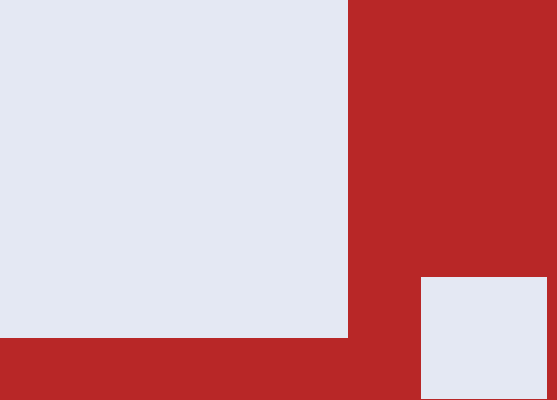

Participant Briefing

Date:

16 May 2026

Organized by:

PETAKOM x Fakulti Komputeran UMPSA

Welcome

Thank you for joining Hackathon X: FinTech Forward 2026! We are excited to welcome participants from universities across Malaysia to this national-level competition.

This hackathon is designed to challenge your creativity, innovation, and technical skills. We look forward to seeing the impactful FinTech solutions your teams will develop.

About the Hackathon

Hackathon X: FinTech Forward 2026 is a national-level FinTech hackathon organized by PETAKOM in collaboration with Fakulti Komputeran UMPSA. This hybrid competition challenges participants to solve real-world financial technology problems through innovative solutions. Teams will develop their projects during the online hackathon phase, with top finalists advancing to pitch physically at UMPSA.

THEME

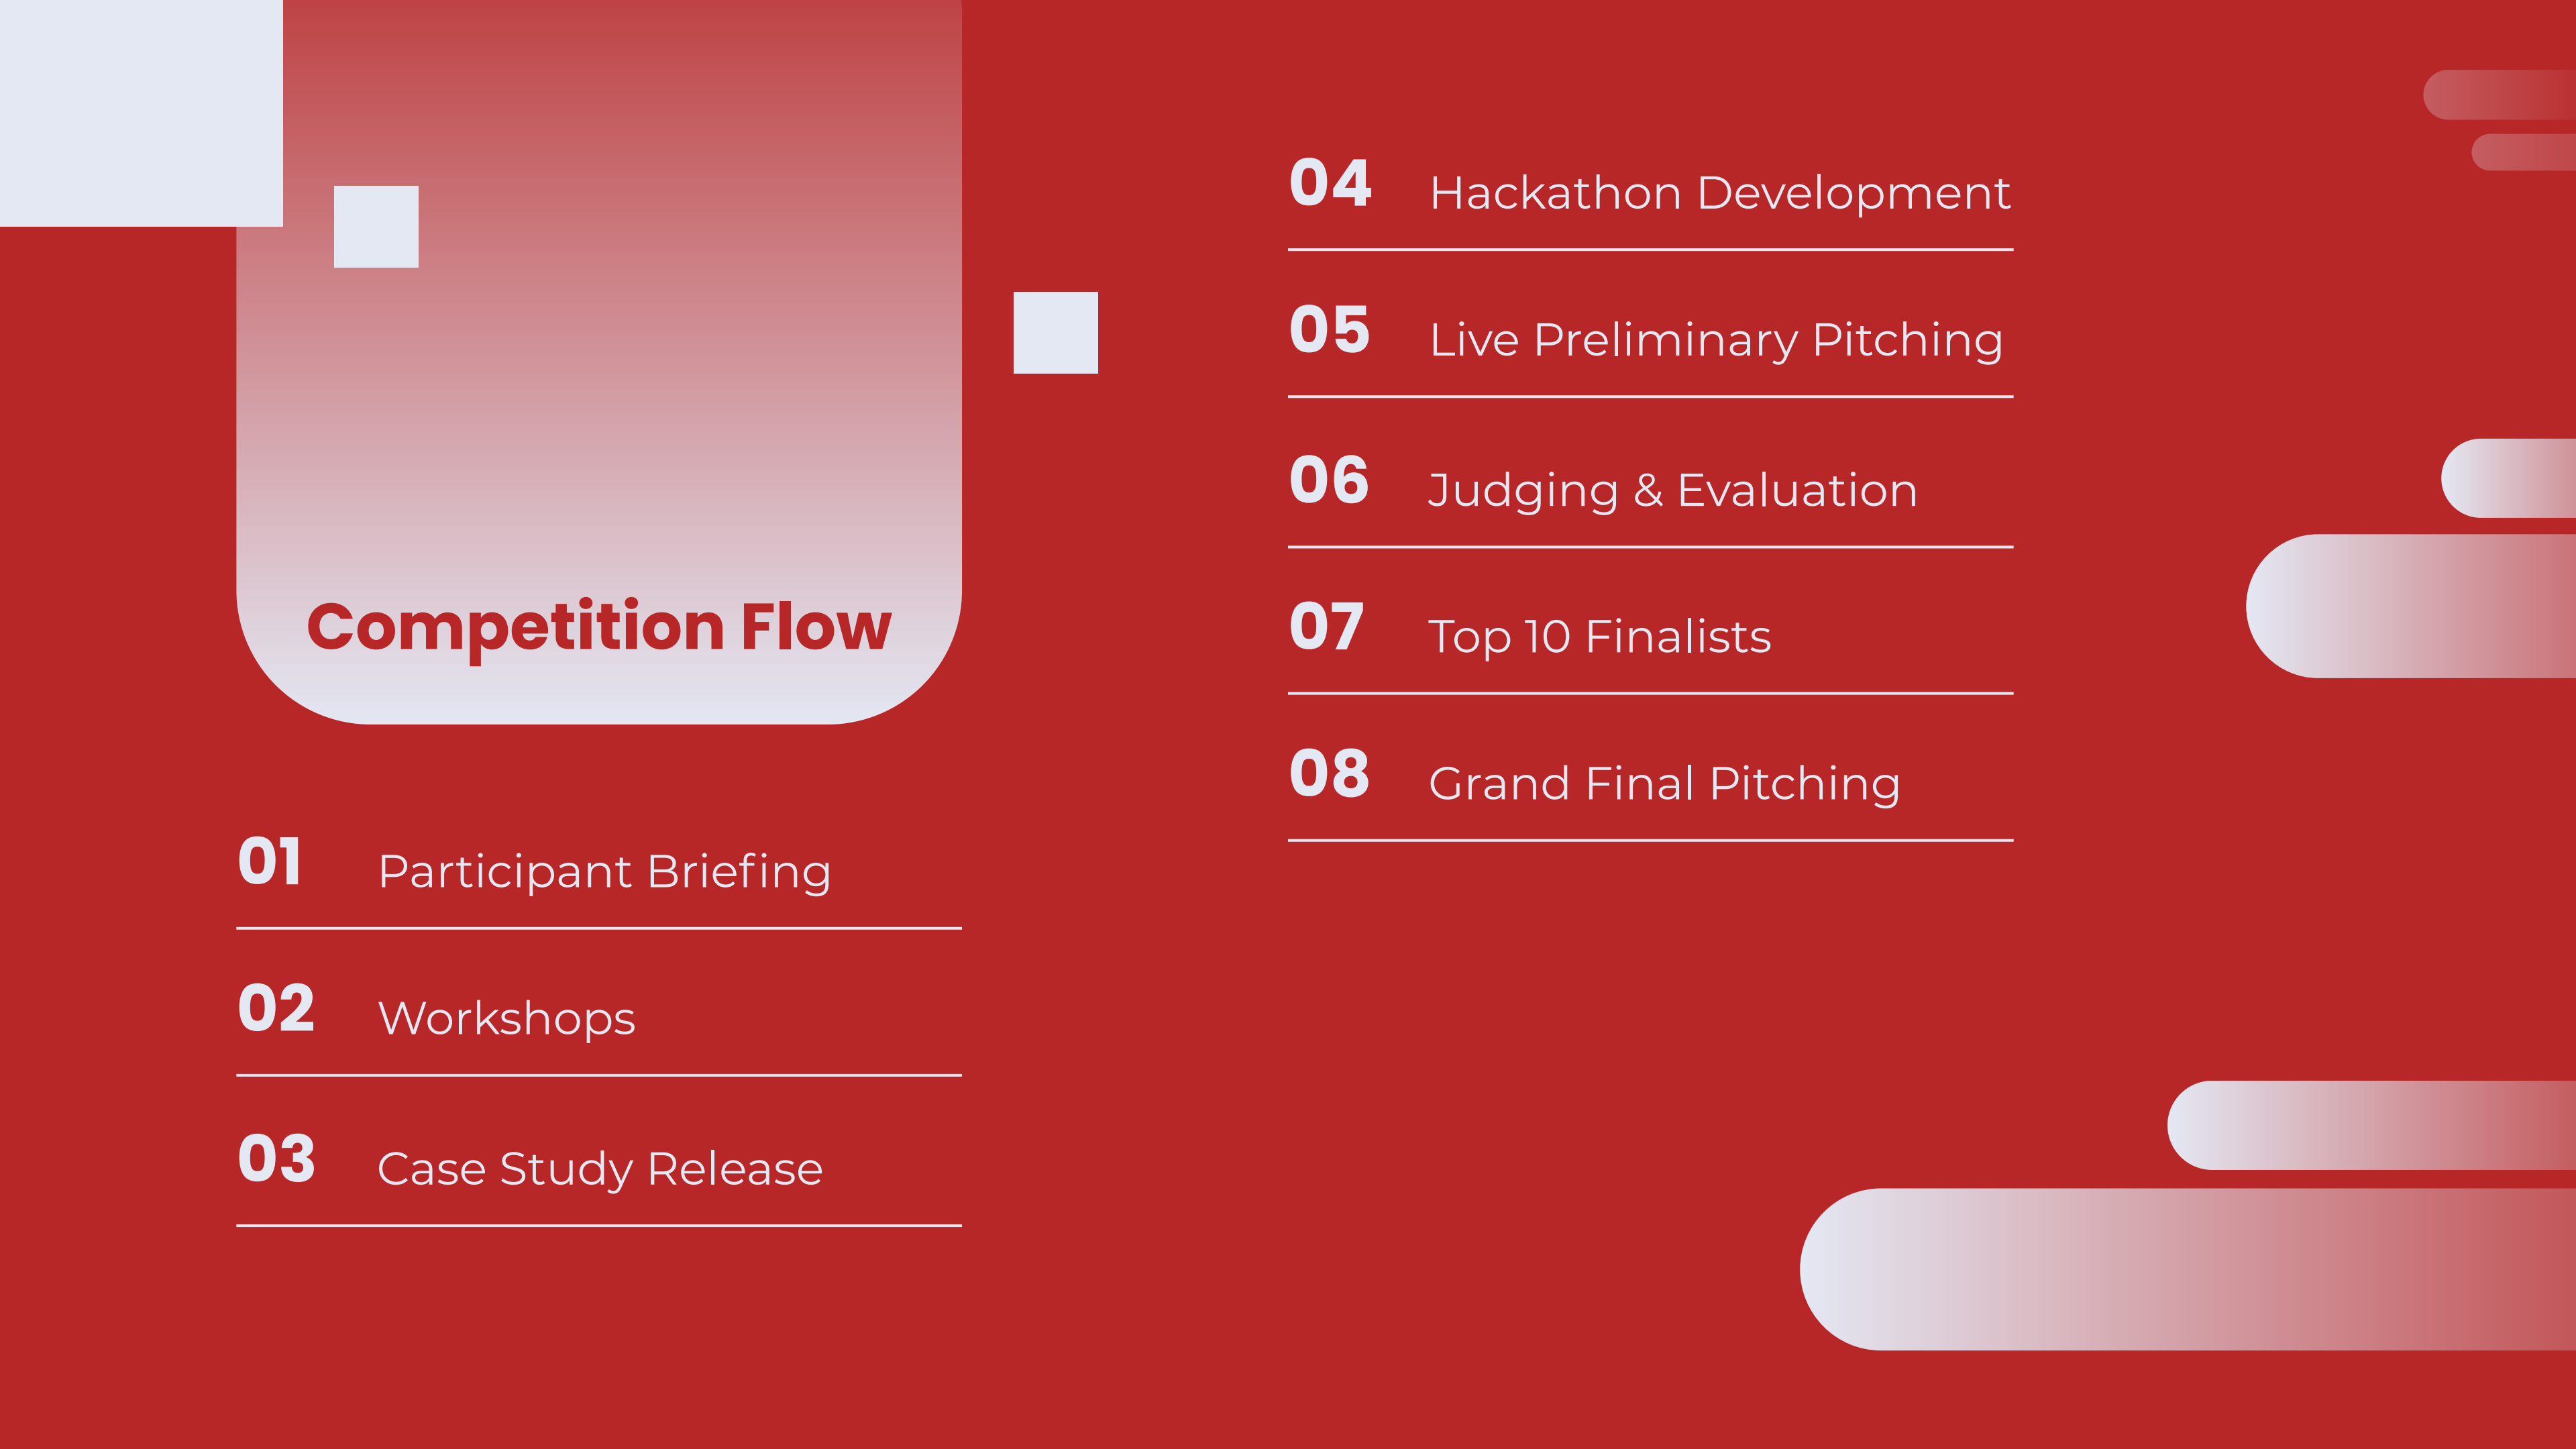

Future of Money: Reimagine Finance with AI

Case Study Release:

20 May 2026

Focus:

**AI-powered FinTech
solutions**

Competition Flow

01 Participant Briefing

02 Workshops

03 Case Study Release

04 Hackathon Development

05 Live Preliminary Pitching

06 Judging & Evaluation

07 Top 10 Finalists

08 Grand Final Pitching

Important Timeline

17-20 May 2026

Pitching Workshop (17 May) followed by Case Study Release (20 May) - Prepare your skills and receive the challenge.

22-24 May 2026

Hackathon Development Phase with Live Preliminary Pitching on final day (24 May).

11 June 2026

Grand Finals in UMPSA Pekan, top 10 finalist would have to pitch to the judges

Team Requirements

01

3 participants per team.
Build a balanced team
with complementary
skills.

Team Size

02

One submission per
team. Cross-discipline
collaboration is
encouraged for diverse
perspectives.

Submission

03

Teams responsible for
development and
presentation. Ensure all
submissions are
complete before
deadline.

Responsibility

Official Workshops

Technical Workshop 9/5

Led by Izrulfizal Saufihamizal bin Ibrahim. Covers framework guidance, building hackathon-ready solutions, and development tips and best practices.

Pitching Workshop 17/5

Led by Ratna Marliza Mokhtar. Learn effective pitching techniques, presentation skills, storytelling and communication strategies.

Airmeet

Official Hackathon Platform

AirMeet platform powers all online hackathon sessions from 22–24 May 2026.

Virtual Rooms

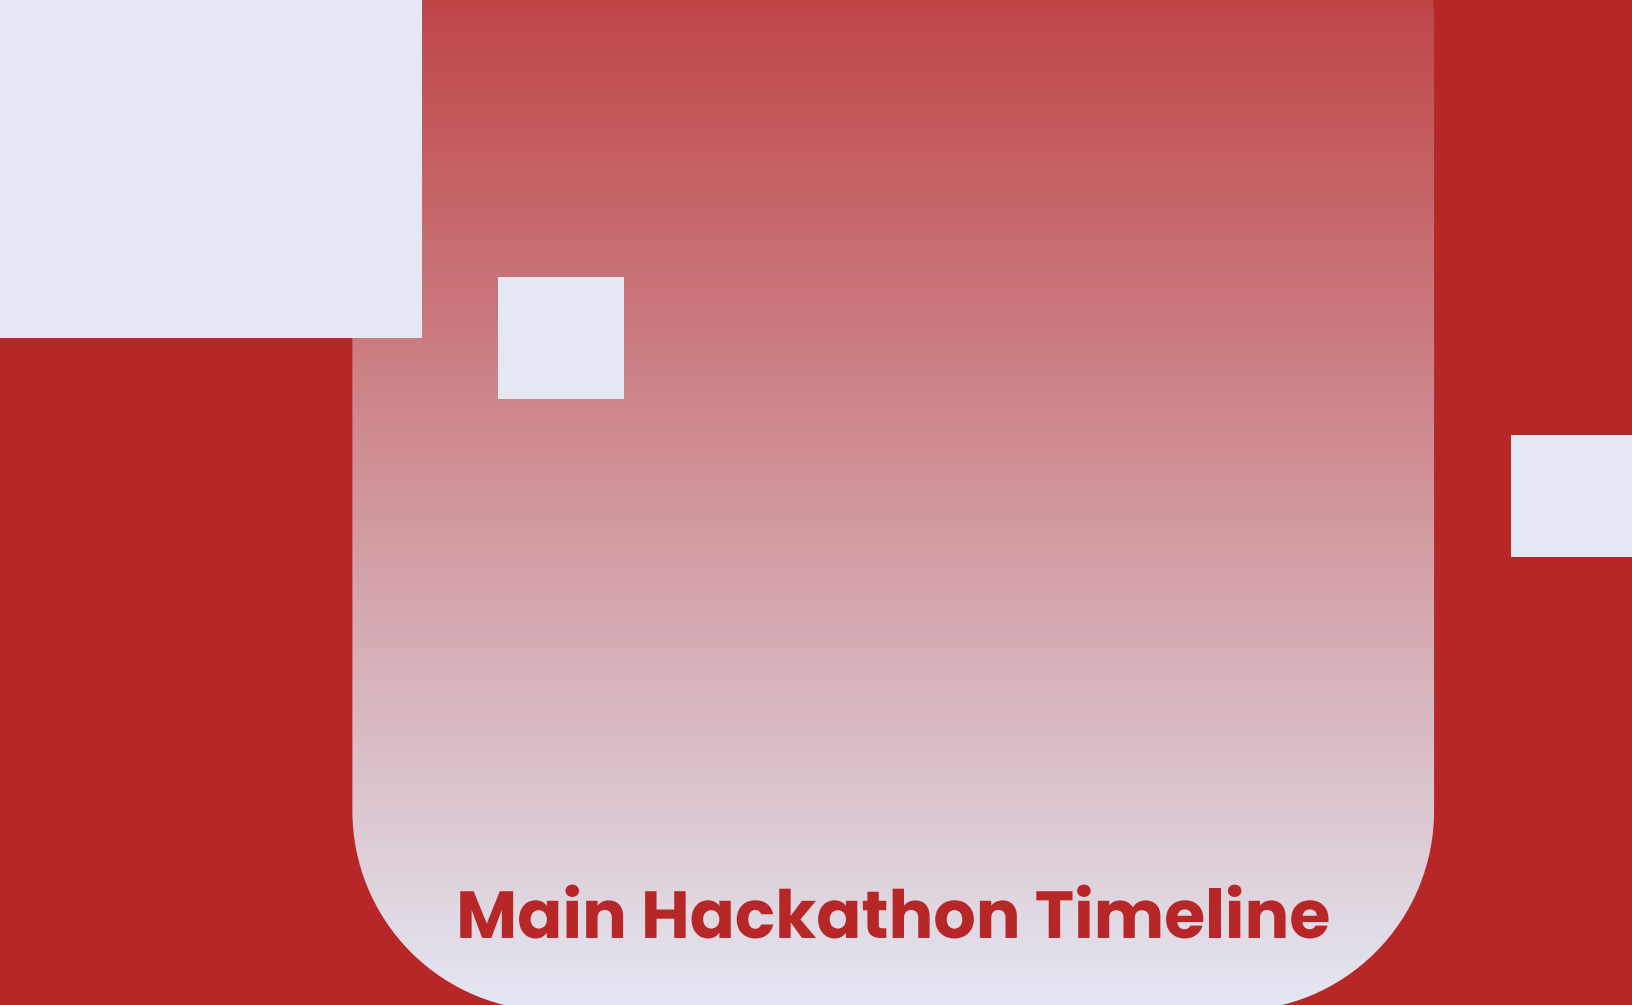

Dedicated virtual rooms assigned to each team for focused discussion and development work throughout the hackathon.

Mentor Support

Mentors and committee members may join your room to provide guidance, answer questions, and offer assistance.

Announcements

Important announcements delivered via main stage and chat. Stay connected throughout all sessions.

Main Hackathon Timeline

DAY 1 — 22 May 2026

01 7:30 PM - Welcome & Introduction

02 8:00 PM - Kickoff Briefing

03 8:30 PM - Hackathon Begins

DAY 2 — 23 May 2026

01 9.00 AM - Announcements & Check-In

02 9.30 AM - Hackathon Continues

DAY 3 — 24 May 2026

01 9.00 AM - Final Development Session

02 12:00 PM - Submission Deadline

03 2.00 PM - Live Pitching Session

04 5.00 PM -End of Preliminary

Submission Requirements

01

Working Prototype demonstrating your FinTech solution's core functionality.

Prototype

02

Pitch Deck presenting your solution, problem analysis, and team approach.

Pitch Deck

03

Figma Design files and Code Repository with accessible permissions.

Design & Code

Submission Guidelines

Rules and recommendations for your hackathon submissions.

Deadline Policy

Submit before the deadline. Late submissions will not be accepted under any circumstances. Plan ahead to avoid last-minute issues.

Prototype & Access

Prototype must be functional and demonstrable. Ensure your code repository access is properly configured and available to judges.

Documentation

Confirm all required files are complete and properly formatted before final submission.

Judging Process

Evaluation focuses on real-world impact, technical innovation, and clear communication of your FinTech solution.

Preliminary Round

Live pitching session on 24 May 2026 via AirMeet platform. All teams present their solutions to the judging panel.

Evaluation Criteria

Judges assess:
Problem understanding,
Innovation, Solution approach,
Presentation quality,
Prototype progress.

Advancement

Top 10 teams with highest scores will advance to the Grand Final at UMPSA campus.

Grand Final

Top 10 teams will advance to the final round, where pitching will be held physically at UMPSA. Teams will present their solutions to a panel of industry and academic judges. A live demo of your prototype is highly encouraged to showcase functionality. Professional attire is recommended for all participants.

Official Cloud Partner

Free NovaCloud account with MYR 200 cloud credit for all participants. Credit valid until 12 June 2026.

- Deploy websites and applications
- Scale projects easily
- Secure, high-availability cloud platform

Registration deadline: 22 May 2026, 5:00 PM

Login details emailed by 26 May 2026

Tips for Participants

01

Focus on solving the actual problem. Understand the case study deeply and address the real pain points in FinTech.

Solve the Problem

02

Build a clean and functional MVP. Focus on core features that demonstrate your solution's value rather than over-engineering.

Clean MVP

03

Prioritize usability and impact. Create solutions that are intuitive and demonstrate real-world value to users.

Usability & Impact

Communication Channels
